

THIRUVALLUVAR COLLEGE, PAPANASAM

Perspective Plan

- In line with the accomplishment of vision of the Management, substantial number of academic programmes will be started catering the needs of women students in this backward area.
- To instil value education among the youth, good number of value added courses will be introduced as add-on courses for students to choose from according to their interest and inclinations.
- The recently available technology supports will be provided to ensure effective teaching and take initiatives to familiarise with proper Learning Management System.
- To draw a suitable mode to incentivize the faculty members to acquire Interdisciplinary research projects and publish the research outcome in the Indexed / Scopus / UGC Care listed journals.
- Encourage the administration to initiate collaborations with Academic institutions / Research Centres / Community development Forums / Tamil Culture development Units to expand our academic range and expand the scope of experiential learning to students.
- Suitable supportive infrastructure facilities will be provided to ensure effective academic ambience for all activities.
- Special attention will be given to upgrade the performing level of Library in terms of book addition, periodical collections, additions of e-resources and enhancing the beneficiaries.
- Facilitating mechanisms like Guidance Cell, Placement Cell, grievance redressal cell and welfare measures will be strengthened for the benefit of students.
- Suitable measures will be taken to tap the Sports, Cultural and other competitive skills of the students and groom them further with proper attention.
- Special focus will be given on developing the communicative skill and employability skills of students and fostering for their holistic development.
- Proper mechanism will be evolved for effective Internal Quality Assurance system and to adopt quality management strategies in all academic and administrative aspects.
- Feedback from the stakeholders on Curriculum, Teaching – Learning, Facilities will be collected periodically and properly analysed. The outcome of feedback shall be considered appropriately for enhancing the quality of academic delivery.
