## 2.6 Student Performance and Learning Outcomes

2.6.1. Teachers and students are aware of the stated programme and course outcomes of the Programmes offered by the institution.

It is stated that teachers and students are made aware of the Programme and Course Outcomes at the beginning of each semester. The detailed Programme and Course outcomes of each course and subject are made available on the Manonmaniam Sundaranar University website (https://www.msuniv.ac.in/Academic/Revised-Syllabus-Affiliated-Colleges) and are easily accessible.

Though a proper offline student orientation was not possible in view of the ongoing Covid 19 lockdown, the teachers of each Department made sure that the students particularly the newly admitted students were made aware of the Programme Outcomes before commencement of formal classes through online mode. The students of subsequent semesters were intimated about the Course outcomes of individual courses.

Before orienting the students, the teachers study in detail about Programme and Course Outcomes. Teachers also attended orientation programmes on the new course structure which are organised in other colleges and the University. These methods served to ensure better understanding amongst both teachers and students about the importance of knowing about Program and Course Outcomes.
